

build **STAR X**  
ALU

Type	<b>Tipper</b>
Volume	<b>24 - 31 m<sup>3</sup></b>
Chassis	<b>aluminium</b>
Body	<b>aluminium</b>
Use	<b>sand - gravel - earth - clay - sludge - small rocks - asphalt</b>

**WWW.STAS.BE/BUILDSTARX**

- ✓ Most stable construction thanks to:
  - Widest chassis on the market (1.400 mm)
  - Integrated tipping axle
  - Reinforced cross member box section
  - Well-integrated cylinder clamps
- ✓ Standard asphalt trailer system

- ✓ Premium aluminium quality (Endural®, Herkal, ...)
- ✓ Our own unique conic TOP design with the most optimal combination of lightness and strength
- ✓ Attention to detail and finishing
- ✓ Proven highest second-hand value in its class

### VOLUME & DIMENSIONS\*

volume	internal length	internal height	internal width (front)	internal width (back)
m <sup>3</sup>	mm	mm	mm	mm

**26,9 m<sup>3</sup>** | 7.810 | 1.500 | 2.200 | 2.300

volume	internal length	internal height	internal width (front)	internal width (back)
m <sup>3</sup>	mm	mm	mm	mm

**24,6 m<sup>3</sup>** | 7.535 | 1.450 | 2.200 | 2.300

**27,7 m<sup>3</sup>** | 8.486 | 1.450 | 2.200 | 2.300

**30,8 m<sup>3</sup>** | 9.450 | 1.450 | 2.200 | 2.300

\* Note: Weights and dimensions are approximate and may change depending on the components without prior notice from the constructor. All weights and dimensions are measured according to European Regulation 1230/2012.
