

# U-rockSTAR STEEL

|         |                                 |
|---------|---------------------------------|
| Type    | <b>Tipper</b>                   |
| Volume  | <b>24 - 31 m<sup>3</sup></b>    |
| Chassis | <b>steel</b>                    |
| Body    | <b>steel</b>                    |
| Use     | <b>large rocks - demolition</b> |

**[WWW.STAS.BE/UROCKSTAR](http://WWW.STAS.BE/UROCKSTAR)**

✓ Most stable construction thanks to:

- Widest chassis on the market (1.400 mm)
- Integrated tipping axle
- Reinforced cross member box section
- Well-integrated cylinder clamps

✓ Premium steel quality (HB450, S700MC, XAR450...)

- ✓ Our own unique TOP design with the most optimal combination of lightness and strength
- ✓ Attention to detail and finishing
- ✓ Proven highest second-hand value in its class

## VOLUME & DIMENSIONS\*

| volume                    | internal length | internal height | internal width |
|---------------------------|-----------------|-----------------|----------------|
| m <sup>3</sup>            | mm              | mm              | mm             |
| <b>24,5 m<sup>3</sup></b> | 7.565           | 1.500           | 2.160          |
| <b>27,1 m<sup>3</sup></b> | 7.565           | 1.650           | 2.160          |
| <b>27,6 m<sup>3</sup></b> | 8.540           | 1.500           | 2.160          |
| <b>30,5 m<sup>3</sup></b> | 8.540           | 1.650           | 2.160          |

\* Note: Weights and dimensions are approximate and may change depending on the components without prior notice from the constructor. All weights and dimensions are measured according to European Regulation 1230/2012.
